

VortexEngine/src/Menus
/MenuList/ModeSharing.h

```
graph BT; A[VortexEngine/src/Menus/MenuList/ModeSharing.cpp] --> C[VortexEngine/src/Menus/MenuList/ModeSharing.h]; B[VortexEngine/src/Menus/MenuList/ModeSharing.cpp] --> C;
```

The diagram illustrates a dependency structure in a codebase. At the top, a grey rectangular box contains the text 'VortexEngine/src/Menus /MenuList/ModeSharing.h'. Below this box, there are two white rectangular boxes. The left box contains 'VortexEngine/src/Menus /MenuList/ModeSharing.cpp' and the right box contains 'VortexEngine/src/Menus /Menus.cpp'. Two blue arrows originate from the top-right corner of the left box and the top-left corner of the right box, both pointing towards the bottom edge of the top grey box, indicating that both source files include or depend on the header file.
