

VortexEngine/src/Menus  
/MenuList/FactoryReset.h

```
graph BT; A[VortexEngine/src/Menus/MenuList/FactoryReset.cpp] --> C[VortexEngine/src/Menus/MenuList/FactoryReset.h]; B[VortexEngine/src/Menus/MenuList/FactoryReset.h] --> D[VortexEngine/src/Menus/MenuList/FactoryReset.h];
```

The diagram illustrates a dependency structure in a codebase. At the top is a grey-shaded box representing a header file: VortexEngine/src/Menus/MenuList/FactoryReset.h. Below it are two white boxes representing source files. The left box is VortexEngine/src/Menus/MenuList/FactoryReset.cpp, and the right box is VortexEngine/src/Menus/MenuList/FactoryReset.h. Two blue arrows point from the source files up to the header file, indicating that both source files depend on or include the header file.

VortexEngine/src/Menus  
/MenuList/FactoryReset.cpp
