The diagram illustrates a dependency relationship in a code project. At the top is a grey rectangular box containing the header file path: VortexEngine/src/Menus/MenuList/FactoryReset.h. Below this box are two white rectangular boxes. The box on the left contains the source file path: VortexEngine/src/Menus/MenuList/FactoryReset.cpp. The box on the right contains the source file path: VortexEngine/src/Menus/MenuList/FactoryReset.h. Two blue arrows point from the bottom of each of these two boxes towards the bottom edge of the top box, indicating that both source files depend on or include the header file.
