

VortexEngine/src/Menus
/MenuList/FactoryReset.h

```
graph BT; A[VortexEngine/src/Menus/MenuList/FactoryReset.cpp] --> C[VortexEngine/src/Menus/MenuList/FactoryReset.h]; B[VortexEngine/src/Menus/MenuList/FactoryReset.h] --> C;
```

The diagram illustrates a dependency relationship in a codebase. At the top is a grey-shaded box representing a header file: VortexEngine/src/Menus/MenuList/FactoryReset.h. Below it are two white boxes representing source files. The left box is VortexEngine/src/Menus/MenuList/FactoryReset.cpp, and the right box is VortexEngine/src/Menus/MenuList/FactoryReset.h. Two blue arrows point from the top of each source file box to the bottom of the header file box, indicating that both source files include or depend on the header file.
