The diagram illustrates the relationship between three source files in the VortexEngine. At the top is a header file, 'VortexEngine/src/Patterns/Multi/Sequencer/ChaserPattern.h', which is shaded gray. Below it are two source files: 'VortexEngine/src/Patterns/Multi/Sequencer/ChaserPattern.cpp' on the left and 'VortexEngine/src/Patterns/PatternBuilder.cpp' on the right. Blue arrows point from each of these two source files up to the header file, indicating that both source files include this header.
